The Merchant shall indemnify the Carrier against any loss, damage or expense incurred.

12. DECK CARGO

Deck cargo (including accidents or mortality of animals, and the Carrier will not in any event be liable for any loss or damage for or from which is exempt, insurance or is covered by legislation) shall, if or from any other cause whatsoever not due to the fault of the Carrier, any warranty of seaworthiness in the premises being hereby waived, and the burden of proving liability being in all respects upon the Merchant. Except as may be otherwise provided, such shipments shall be deemed Goods and shall be subject to all Terms and Conditions of this Bill of Lading.

13. METHODS AND ROUTES OF TRANSPORTATION

With respect to the Goods or Containers or other packages, the Carrier may at any time and without notice to the Merchant:

- a) use any means of transport (water, land and/or air) or storage whatsoever;
- b) forward, tranship or retain on board or carry on another vessel or conveyance or by any other means of transport than that named on the reverse side hereof;
- c) carry Goods on or under deck at its option;
- d) proceed by any route, in its sole and absolute discretion and whether the nearest, most direct, customary or advertised route or in or out of geographical rotation;
- e) proceed or stay at any place whatsoever once or more often and in any order or in open call at any port, whether scheduled or not;
- f) store, warehouse or otherwise at any place whatsoever, ashore or afloat, in its own or covered;
- g) proceed with or without pilots;
- h) carry livestock, combustible, explosives, munitions, waste, stores, dangerous or hazardous goods or goods of any and all kinds;
- i) drydock or stop at any unscheduled or unadvertised port for bunkers, repairs or for any purpose whatsoever;
- j) discharge and reloading the Merchant to take delivery, varied or deviated;
- k) comply with any orders, directions or recommendations given by any government or authority or by any person or body acting or purporting to act with the authority of any government or authority or having under the terms of the insurance on the vessel or other conveyance employed by the Carrier the right to give such orders, directions or recommendations;
- l) take any other steps or precautions as may appear reasonable to the Carrier under the circumstances.
- The liberties set out in subdivisions (a) through (i) may be invoked for any purpose whatsoever even if not connected with the Carriage covered by this Bill of Lading, and any action taken or omitted to be taken, and any delay arising therefrom, shall be deemed to be within the contractual and contemplated Carriage and not an unreasonable deviation.
- In no circumstance whatsoever shall the Carrier be liable for direct, indirect or consequential loss or damage caused by delay.

14. MATTERS AFFECTING PERFORMANCE

In any situation whatsoever and whatsoever occurring and whether arising or anticipated before commencement of, during or after the Carriage, which in the judgment of the Carrier is likely to give rise to any hindrance, risk, capture, seizure, detention, damage, delay, difficulty or disadvantage or loss to the Carrier or any part of the Carrier, or make it unsafe, imprudent, impracticable or unlawful for any reason to receive, keep, load, carry or discharge them or any part of them or commence or continue the Carriage or disembark passengers at the port of discharge or at the usual or intended place of discharge or give rise to danger, delay or difficulty of whatsoever nature in proceeding by the usual or intended route, the Carrier may at any time and without notice to the Merchant, may decline to receive, keep, load, carry or discharge the Goods, or may discharge the Goods or may require the Merchant to take delivery and, upon failure to do so, may warehouse them at the risk and expense of the Merchant and Goods or may forward or tranship them, as provided in this Bill of Lading, and the Carrier may retain the Goods on board until the return of the Vessel to the Port of Loading or to the Port of Discharge or any other port or until such time as the Carrier deems advisable and thereafter discharge them at any place. In such event, as herein provided, such shall be at the risk and expense of the Merchant and Goods and such action shall constitute complete delivery and performance under this contract, and the Carrier shall be free from any further responsibility for any services rendered as herein above provided or for any delay or expense to the Carrier or Vessel caused as a result thereof, the Carrier shall, in addition to full Charges, be entitled to reasonable extra compensation, and shall have a lien on the Goods for same. Notice of disposition of the Goods shall be sent to the Merchant named in this Bill of Lading within a reasonable time thereafter.

All actions taken by the Carrier hereunder shall be deemed to be within the contractual and contemplated Carriage and not be an unreasonable deviation.

15. DELIVERY

If delivery of the Goods or Containers or other packages or any part thereof is not taken by the Merchant when and where and as custom and place as the Carrier is entitled to have the Merchant take delivery, whether or not the Goods are damaged, they shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are, if, cost minimized, demurrage and sent to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

If the Goods are stored within a Container owned or leased by the Carrier, the Carrier shall be entitled to deviate the contents of any such Container, whereupon the Goods shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are or to send to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

At ports or places where by local law, authorities or custom, the Carrier is required to discharge cargo to lighters or other craft or where it has been so agreed or where warehouses are not available which the Vessel can get to, to its aid, or, where, where necessary, or, where necessary, prevailing at the time under discharge at a wharf dangerous, imprudent, or likely to delay the Vessel, the Merchant shall promptly furnish lighters or other craft to take delivery alongside the Vessel at the risk and expense of the Goods. If the Merchant fails to provide such lighters or other craft, the Carrier, acting solely as agent for the Merchant, may engage such lighters or other craft at the risk and expense of the Merchant and Goods. Discharge of the Goods into such lighters or other craft shall constitute proper delivery, and any further responsibility of Carrier with respect to the Goods shall then expire.

16. CHARGES, INCLUDING FREIGHT

The Charges payable hereunder have been calculated on the basis of particulars furnished by or on behalf of the Merchant. The Carrier shall, at any time, be entitled to inspect, reweigh, re-measure or revalue the contents and, if any of the particulars furnished by the Merchant are found to be incorrect, the Charges shall be adjusted accordingly and the Merchant shall be responsible to pay the correct Charges and all expenses incurred by the Carrier in checking said particulars.

The Charges shall be deemed earned on acceptance of the Goods or Containers or other packages or shipment by the Carrier and shall be paid by the Merchant in full, without any offset, counterclaim or deduction, costs and/or vessel or other conveyance lost or not lost, and shall be non-refundable in any event. The Merchant shall remain responsible for all Charges, regardless whether the Bill of Lading states in words or symbols, that it is "Prepaid" "To be Prepaid" or "Collect".

In connection with any services with respect to the Goods, the Carrier shall be considered the exclusive agent of the Merchant for all purposes, and any payment of Charges to other than the Carrier shall not, in any event, be considered payment to the Carrier.

The Merchant shall defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage and expense which may be sustained or incurred relative to the above.

17. CARRIER'S LIEN

The Carrier shall have a lien on the Goods, inclusive of any Container owned or leased by the Merchant, and all equipment and appurtenances thereto, as well as on any Charges due any person, and on any documents relating thereto, which lien shall survive delivery, for all sums due under this contract or any other contract or undertaking to which the Merchant was party or otherwise involved, including, but not limited to, General Average contributions, salvage and the cost of recovering such sums, inclusive of attorneys' fees. Such lien may be enforced by the Carrier by public or private sale at the expense of and without notice to the Merchant.

The Merchant agrees to defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage and expense which may be sustained or incurred by the Carrier relative to the above and the Merchant agrees to submit to the jurisdiction of any court, tribunal or other body before whom the Carrier may be brought, whether said proceedings are of a civil or criminal nature.

18. RUST

It is agreed that superficial rust, oxidation or any like condition due to moisture is not a condition of damage but is inherent to the nature of the Goods. Acknowledgment of receipt of the Goods in apparent good order and condition is not a representation that such conditions of rust, oxidation or the like did not exist on receipt.

19. GENERAL AVERAGE

If General Average is declared, it shall be adjusted according to the York/Antwerp Rules of 1994 and all subsequent amendments thereon from time to time made, at any place at the option of any person entitled to declare General Average, and the Amended Clause as approved by BIMCO to be considered as incorporated herein, and the Merchant shall provide security as may be required in this connection.

b) Notwithstanding (a) above, the Merchant shall defend, indemnify and hold harmless the Carrier and any Participating carrier, their agents and servants, in respect of any claim (and any expense arising therefrom) of a General Average contribution which may be made against the Carrier and/or any Participating carrier and shall provide such security as may be required by the Carrier in this connection.

c) Neither the Carrier nor any Participating carrier shall be under any obligation to take any steps whatsoever to post security for General Average or to collect security for General Average contributions due to the Merchant.

20. LIMITATION OF LIABILITY

As to loss or damage covered by this Clause or elsewhere in this Bill of Lading, in case of any loss or damage to or in connection with cargo exceeding in actual value the equivalent of \$500 lawful money of the United States per package, or in case of cargo not shipped in packages per shipping unit, the value of the cargo shall be deemed to be \$500 per package or per shipping unit. The Carrier's liability, if any, shall be determined on the basis of a value of \$500 per package or per shipping unit or pro rata in case of partial loss or damage, unless the nature of the cargo and value is higher than \$500 per package or per shipping unit and is so stated on the bill of lading by the Merchant before the Goods are loaded on the bill of lading, and extra freight paid if required. In such case, if the actual value of the cargo per package or per shipping unit shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value.

The words "shipping unit" shall mean each physical unit (e.g., container, bundle, pallet, etc.) or piece of cargo not shipped in a package, including articles in any discernible physical unit, except cargo shipped in bulk, and irrespective of the weight or measurement unit employed in calculating freight and related charges.

As to cargo shipped in bulk, the limitation applicable thereto shall be the limitation provided in Section 130(4) of COGSA, or such other legislation, convention or law as may be compulsively applicable, and in no event shall anything herein be construed as a waiver of limitation on or cargo shipped in bulk. Where a Container is stuffed by or on behalf of the Carrier or the parties characters the Container as a package or hump such freight is assessed, in any of these events, each individual such Container, including in each instance its contents, shall be deemed a single package and Carrier's liability limited to \$500 with respect to each such package, except as otherwise provided in this Clause or elsewhere in this Bill of Lading with respect to each such package. In the event that goods shipped in a Container are consolidated with other goods or shipments belonging to different shippers, such shipper's goods shall be deemed to be one shipping unit or package.

During the entire time the Carrier remains responsible for the Goods, from loading and unloading to discharge from the Vessel and during all non-compulsory periods such as on or off terminal, until delivery or final discharge, the limitation of liability shall apply.

Where compulsively applicable legislation provides a limitation less than \$500 per package or shipping unit, such lesser limitation shall apply and nothing herein contained shall be construed as a waiver of a limitation less than \$500.

Further, where a lesser monetary limitation is applicable, such as during handling by a participating carrier or independent contractor and/or damage occurs during the term of the provisions of this Clause, the Carrier shall be entitled to avail itself of such lesser limitation.

21. NOTICE OF CLAIM; TIME FOR SUIT

As to any loss or damage presumed to have occurred during the Carrier's period of responsibility, the Carrier must be notified in writing of any such loss or damage or claim before or at the time of discharge from the Goods by the Merchant or, if the loss or damage is not apparent within 3 consecutive days of receipt of the Goods, delivery of the Goods to the consignee or the time of discharge from the Goods by the Merchant, and if not so notified, discharge, removal or delivery, depending upon the law applicable, shall be prima facie evidence of discharge/delivery in good order by the Carrier of such Goods.

In any event, the Carrier shall be discharged from all liability of whatsoever nature unless suit is brought within 1 year after delivery of the Goods or the date when the Goods should have been delivered, provided however, that if a claim should arise during a part of the transport which is subject by applicable law and/or law of any force then such shorter period for notice or suit shall apply.

Suit shall be deemed "brought" unless jurisdiction shall be properly obtained and made in writing and suit is brought within such shorter period as may be applicable.

Suit shall not be deemed "brought" unless jurisdiction shall be properly obtained and made in writing and suit is brought within such shorter period as may be applicable. In the event this provision should be held inapplicable during that period in which compulsory legislation shall apply of its own force and effect, such as during the period in which it shall nevertheless apply during all non-compulsory periods during which the Carrier remains responsible for the Goods.

22. JURISDICTION

All disputes of whatsoever nature and in connection with this Bill of Lading shall be determined by the instant specific court and location to the exclusion of any other court PROVIDED ALWAYS that the Carrier may in its absolute and sole discretion invoke or voluntarily submit to the jurisdiction of any other court with which the terms of the Bill of Lading could properly assume jurisdiction over and determine such disputes, but such shall not constitute a waiver of the terms of the provisions in any other instance.

23. NON-WAIVER AND SEPARABILITY

Nothing in this Bill of Lading shall operate to deprive the Carrier of any statutory protection or any defense, immunity, exemption, limitation or exoneration from liability contained in the laws of the United States, or of any other country whose laws may be compulsively applicable. The Terms and Conditions of this Bill of Lading shall constitute the entire contract of the Carrier's applicable tariff or tariffs incorporated herein by virtue of Clause 2 or terms hereof shall be severable, and if any part or term hereof shall be found invalid, such invalidity shall not affect the validity or enforceability of any part or term hereof.

The Carrier does not accept any responsibility for the functioning of temperature or atmosphere controlled Containers not owned or leased by the Carrier or for latent defects not discoverable by the exercise of due diligence. Where the Container is stuffed or partially stuffed by or on behalf of the Merchant, the Merchant warrants that it has properly pre-cooled the Container, that the Goods have been properly stuffed and secured within the Container and that the temperature controls have been properly set prior to delivery of the Container to the Carrier, its agents, servants, or any Participating carrier or independent contractor. The Merchant accepts responsibility for all loss or damage of whatsoever nature resulting from a breach of any of these warranties, including but not limited to other cargo consolidated in the Container with the Merchant's Goods or to any other cargo, property or person damaged or injured as a result thereof, and the Merchant agrees to defend, indemnify and hold harmless the Carrier, Participating Carrier's and independent contractors, their agents and servants, harmless from and against all claims, suits, proceedings and all other consequences thereof regardless of their nature and merit.

10. CARRIER'S EQUIPMENT-INDemnITY

Wherever the Merchant, or its agent, servant, contractor or anyone else acting on its behalf, directly or indirectly takes possession of or exercises control over a Container and/or any equipment whatsoever owned or leased by, or the use of which is provided to, the Carrier, any Participating Carrier, their agents, servants or independent contractors, the Merchant agrees to defend, indemnify and hold harmless the Carrier, any Participating Carrier, their agents, servants and independent contractors from and against any loss or damage to said Container and equipment, as well as to any third-party property, and for any injury to or death of persons arising out of the use of said Container and equipment.

11. OPTION OF INSPECTION

The Carrier and any Participating carrier shall be entitled, but under no obligation, to open any Container at anytime and to inspect the contents. If it then appears that the contents or any part thereof cannot safely or properly be carried or carried further, either at all or without incurring any additional expense,

the Carrier and Participating carrier may abandon the transportation thereof and/or take any measures and/or incur any reasonable additional expenses to continue the Carriage or to store the Goods which storage shall be deemed to constitute due delivery under this Bill of Lading. The Merchant shall indemnify the Carrier against any loss, damage or expense incurred.

12. DECK CARGO

Deck cargo (including accidents or mortality of animals, and the Carrier will not in any event be liable for any loss or damage for or from which is exempt, insurance or is covered by legislation) shall, if or from any other cause whatsoever not due to the fault of the Carrier, any warranty of seaworthiness in the premises being hereby waived, and the burden of proving liability being in all respects upon the Merchant. Except as may be otherwise provided, such shipments shall be deemed Goods and shall be subject to all Terms and Conditions of this Bill of Lading.

13. METHODS AND ROUTES OF TRANSPORTATION

With respect to the Goods or Containers or other packages, the Carrier may at any time and without notice to the Merchant:

- a) use any means of transport (water, land and/or air) or storage whatsoever;
 - b) forward, tranship or retain on board or carry on another vessel or conveyance or by any other means of transport than that named on the reverse side hereof;
 - c) carry Goods on or under deck at its option;
 - d) proceed by any route, in its sole and absolute discretion and whether the nearest, most direct, customary or advertised route or in or out of geographical rotation;
 - e) proceed or stay at any place whatsoever once or more often and in any order or in open calling at any port, whether scheduled or not;
 - f) store, warehouse or otherwise at any place whatsoever, ashore or afloat, in its option or covered;
 - g) proceed with or without pilots;
 - h) carry livestock, combustible, explosives, munitions, waste, stores, dangerous or hazardous goods or goods of any and all kinds;
 - i) drydock or stop at any unscheduled or unadvertised port for bunkers, repairs or for any purpose whatsoever;
 - j) discharge and reloading the Merchant to take delivery, varied or deviated;
 - k) comply with any orders, directions or recommendations given by any government or authority or by any person or body acting or purporting to act with the authority of any government or authority or having under the terms of the insurance on the vessel or other conveyance employed by the Carrier the right to give such orders, directions or recommendations;
 - l) take any other steps or precautions as may appear reasonable to the Carrier under the circumstances.
- The liberties set out in subdivisions (a) through (m) may be invoked for any purpose whatsoever even if not connected with the Carriage covered by this Bill of Lading, and any action taken or omitted to be taken, and any delay arising therefrom, shall be deemed to be within the contractual and contemplated Carriage and not an unreasonable deviation.
- In no circumstance whatsoever shall the Carrier be liable for direct, indirect or consequential loss or damage caused by delay.

14. MATTERS AFFECTING PERFORMANCE

In any situation whatsoever and whatsoever occurring and whether arising or anticipated before commencement of, during or after the Carriage, which in the judgment of the Carrier is likely to give rise to any hindrance, risk, capture, seizure, detention, damage, delay, difficulty or disadvantage or loss to the Carrier or any part of the Carrier, or make it unsafe, imprudent, impracticable or unlawful for any reason to receive, keep, load, carry or discharge them or any part of them or commence or continue the Carriage or disembark passengers at the port of discharge or at the usual or intended place of discharge or give rise to danger, delay or difficulty of whatsoever nature in proceeding by the usual or intended route, the Carrier may at any time and without notice to the Merchant, may decline to receive, keep, load, carry or discharge the Goods, or may discharge the Goods or may require the Merchant to take delivery and, upon failure to do so, may warehouse them at the risk and expense of the Merchant and Goods or may forward or tranship them, as provided in this Bill of Lading, and the Carrier may retain the Goods on board until the return of the Vessel to the Port of Loading or to the Port of Discharge or any other port or until such time as the Carrier deems advisable and thereafter discharge them at any place. In such event, as herein provided, such shall be at the risk and expense of the Merchant and Goods and such action shall constitute complete delivery and performance under this contract, and the Carrier shall be free from any further responsibility for any services rendered as herein above provided or for any delay or expense to the Carrier or Vessel caused as a result thereof, the Carrier shall, in addition to full Charges, be entitled to reasonable extra compensation, and shall have a lien on the Goods for same. Notice of disposition of the Goods shall be sent to the Merchant named in this Bill of Lading within a reasonable time thereafter.

All actions taken by the Carrier hereunder shall be deemed to be within the contractual and contemplated Carriage and not be an unreasonable deviation.

15. CARRIER'S LIEN

If delivery of the Goods or Containers or other packages or any part thereof is not taken by the Merchant when and where and as custom and place as the Carrier is entitled to have the Merchant take delivery, whether or not the Goods are damaged, they shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are, if, cost minimized, demurrage and sent to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

If the Goods are stored within a Container owned or leased by the Carrier, the Carrier shall be entitled to demand the contents of any such Container, whereupon the Goods shall be considered to have been delivered to the Merchant, and the Carrier may, at its option, subject to its lien and without notice, elect to have same remain where they are or to send to a warehouse or other place, always at the risk and expense of the Merchant and Goods.

At ports or places where by local law, authorities or custom, the Carrier is required to discharge cargo to lighters or other craft or where it has been so agreed or where warehouses are not available which the Vessel can get to, to its aid, or, where, as aforesaid, after, or notwithstanding prevailing at the time under discharge at a wharf dangerous, imprudent, or likely to delay the Vessel, the Merchant shall promptly furnish lighters or other craft to take delivery alongside the Vessel at the risk and expense of the Goods. If the Merchant fails to provide such lighters or other craft, the Carrier, acting solely as agent for the Merchant, may engage such lighters or other craft at the risk and expense of the Merchant and Goods. Discharge of the Goods into such lighters or other craft shall constitute proper delivery, and any further responsibility of Carrier with respect to the Goods shall then expire.

16. CHARGES, INCLUDING FREIGHT

The Charges payable hereunder have been calculated on the basis of particulars furnished by or on behalf of the Merchant. The Carrier shall, at any time, be entitled to inspect, reweigh, re-measure or revalue the contents and, if any of the particulars furnished by the Merchant are found to be incorrect, the Charges shall be adjusted accordingly and the Merchant shall be responsible to pay the correct Charges and all expenses incurred by the Carrier in checking said particulars.

The Charges shall be deemed earned on acceptance of the Goods or Containers or other packages or shipment by the Carrier and shall be paid by the Merchant in full, without any offset, counterclaim or deduction, costs and/or vessel or other conveyance lost or not lost, and shall be non-refundable in any event. The Merchant shall remain responsible for all Charges, regardless whether the Bill of Lading states in words or symbols, that it is "Prepaid" "To be Prepaid" or "Collect".

In connection with any services with respect to the Goods, the Carrier shall be considered the exclusive agent of the Merchant for all purposes, and any payment of Charges to other than the Carrier shall not, in any event, be considered payment to the Carrier.

The Merchant shall defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage and expense which may be sustained or incurred relative to the above.

17. CARRIER'S LIEN

The Carrier shall have a lien on the Goods, inclusive of any Container owned or leased by the Merchant, and all equipment and appurtenances thereto, as well as on any Charges due any person, and on any documents relating thereto, which lien shall survive delivery, for all sums due under this contract or any other contract or undertaking to which the Merchant was party or otherwise involved, including, but not limited to, General Average contributions, salvage and the cost of recovering such sums, inclusive of attorneys' fees. Such lien may be enforced by the Carrier by public or private sale at the expense of and without notice to the Merchant.

The Merchant agrees to defend, indemnify and hold the Carrier, any Participating carrier, independent contractor, their agents and servants, harmless from and against all liability, loss, damage and expense which may be sustained or incurred by the Carrier relative to the above and the Merchant agrees to submit to the jurisdiction of any court, tribunal or other body before whom the Carrier may be brought, whether said proceedings are of a civil or criminal nature.

18. RUST

It is agreed that superficial rust, oxidation or any like condition due to moisture is not a condition of damage but is inherent to the nature of the Goods. Acknowledgment of receipt of the Goods in apparent good order and condition is not a representation that such conditions of rust, oxidation or the like did not exist on receipt.

19. GENERAL AVERAGE

- a) If General Average is declared, it shall be adjusted according to the York/Antwerp Rules of 1994 and all subsequent amendments thereto from time to time made, at any place at the option of any person entitled to declare General Average, and the Amended Clause as approved by BIMCO be considered as incorporated herein, and the Merchant shall provide security as may be required in this connection.
- b) Notwithstanding (a) above, the Merchant shall defend, indemnify and hold harmless the Carrier and any Participating carrier, their agents and servants, in respect of any claim (and any expense arising therefrom) of a General Average contribution which may be made against the Carrier and/or any Participating carrier and shall provide such security as may be required by the Carrier in this connection.
- c) Neither the Carrier nor any Participating carrier shall be under any obligation to take any steps whatsoever to post security for General Average or to collect security for General Average contributions due to the Merchant.

20. LIMITATION OF LIABILITY

As to loss or damage occurring on deck or in a Container or elsewhere in this Bill of Lading, in case of any loss or damage to or in connection with cargo exceeding in actual value the equivalent of \$500 lawful money of the United States per package, or in case of cargo not shipped in packages per shipping unit, the value of the cargo shall be deemed to be \$500 per package or per shipping unit. The Carrier's liability, if any, shall be determined on the basis of a value of \$500 per package or per shipping unit or pro rata in case of partial loss or damage, unless the nature of the cargo and value is higher than \$500 per package or per shipping unit and is so stated on the bill of lading. In the event of a claim for loss or damage to the Goods, the Merchant shall be deemed to have agreed, in such cases, if the actual value of the cargo per package or per shipping unit shall exceed such declared value, the value shall nevertheless be deemed to be the declared value and the Carrier's liability, if any, shall not exceed the declared value.

The words "shipping unit" shall mean each physical unit (e.g., container, bundle, pallet, etc.) or piece of cargo not shipped in a package, including articles in any discernible physical unit, except cargo shipped in bulk, and irrespective of the weight or measurement unit employed in calculating freight and related charges.

As to cargo shipped in bulk, the limitation applicable thereto shall be the limitation provided in Section 130(4) of COGSA, or such other legislation, convention or law as may be compulsively applicable, and in no event shall anything herein be construed as a waiver of limitation on or cargo shipped in bulk. Where a Container is stuffed by or on behalf of the Carrier or the parties characters the Container as a package or hump such freight is assessed, in any of these events, each individual such Container, including in each instance its contents, shall be deemed a single package and Carrier's liability limited to \$500 with respect to each such package, except as otherwise provided in this Clause or elsewhere in this Bill of Lading with respect to each such package. In the event that goods shipped in a Container are consolidated with other goods or shipments belonging to different shippers, such shipper's goods shall be deemed to be one shipping unit or package.

During the entire time the Carrier remains responsible for the Goods, from loading and unloading to discharge from the Vessel and during all non-compulsory periods such as on or off terminal, until delivery or final discharge, the limitation of liability shall apply.

Where compulsively applicable legislation provides a limitation less than \$500 per package or shipping unit, such lesser limitation shall apply and nothing herein contained shall be construed as a waiver of a limitation less than \$500.

Further, where a lesser monetary limitation is applicable, such as during handling by a participating carrier or independent contractor and/or damage occurs during the term of the provisions of this Clause, the Carrier's liability shall be limited to such lesser limitation.

21. NOTICE OF CLAIM; TIME FOR SUIT

As to any loss or damage presumed to have occurred during the Carrier's period of responsibility, the Carrier must be notified in writing of any such loss or damage or claim before or at the time of discharge from the Goods by the Merchant or, if the loss or damage is not apparent within 3 consecutive days of receipt of the Goods, delivery of the Goods to the consignee or the discharge of the Goods from the vessel. If not so notified, discharge, removal or delivery, depending upon the law applicable, shall be prima facie evidence of discharge/delivery in good order by the Carrier of such Goods.

In any event, the Carrier shall be discharged from all liability of whatsoever nature unless suit is brought within 1 year after delivery of the Goods or the date when the Goods should have been delivered, provided however, that if a claim should arise during a part of the transport which is subject by applicable law and/or law of any force then such shorter period for notice or suit shall apply.

Suit shall be deemed "brought" unless jurisdiction shall be properly obtained and made in writing and suit is brought within such shorter period as may be applicable.

Suit shall not be deemed "brought" unless jurisdiction shall be properly obtained and made in writing and suit is brought within such shorter period as may be applicable.

The event this provision should be held inapplicable during that period in which compulsory legislation shall apply of its own force and effect, such as during the period in which it shall nevertheless apply during all non-compulsory periods during which the Carrier remains responsible for the Goods.

22. JURISDICTION

All disputes of whatsoever nature and in connection with this Bill of Lading shall be determined by the instant specific court and location to the exclusion of any other court PROVIDED ALWAYS that the Carrier may in its absolute and sole discretion invoke or voluntarily submit to the jurisdiction of any other court with which the terms of the Bill of Lading could properly assume jurisdiction over and determine such disputes, but such shall not constitute a waiver of the terms of the provisions in any other instance.

23. NON-WAIVER AND SEPARABILITY

Nothing in this Bill of Lading shall operate to deprive the Carrier of any statutory protection or any defense, immunity, exemption, limitation or exoneration from liability contained in the laws of the United States, or of any other country whose laws may be compulsively applicable. The Terms and Conditions of this Bill of Lading shall survive the termination or modification of the Carrier's applicable tariff or tariffs incorporated herein by virtue of Clause 2 or terms hereof, and if any part or term hereof shall be found invalid, such invalidity shall not affect the validity or enforceability of any part or term hereof.
